Skier's Responsibility Code

Skiing can be enjoyed in many ways. At ski areas you may see people using alpine, snowboard, telemark, cross country or other specialized equipment, such as that used by disabled or other skiers. Regardless of how you decide to enjoy the slopes, always show courtesy to others and be aware that there are elements of risk in skiing that common sense and personal awareness can help reduce. Observe the code listed below and share with others the responsibility for a great skiing experience.

- 1. Always stay in control. You must be able to stop or avoid people or objects.**
- 2. People ahead or downhill of you have the right-of-way. You must avoid them.**
- 3. Stop only where you are visible from above and do not restrict traffic.**
- 4. Look uphill and avoid others before starting downhill or entering a trail.**
- 5. You must prevent runaway equipment.**
- 6. Read and obey all signs, warnings, and hazard markings.**
- 7. Keep off closed trails and out of closed areas.**
- 8. You must know how and be able to load, ride and unload lifts safely. If you need assistance, ask the lift attendant.**
- 9. Do not use lifts or terrain when impaired by alcohol or drugs.**
- 10. If you are involved in a collision or incident, share your contact information with each other and a ski area employee.**
